Global Publicity

Front End Developer and Graphic Designer

Tuluá Valle del Cauca

Jan 2021 - Oct 2021

- Actively participated in the development of websites for commercial ventures, working closely with the designer and backend developer to achieve efficiency in the implementation. I used agile methodologies such as Scrum to carry out our development projects.
- Technical skills:** HTML, CSS, JavaScript, React, Node, PostgreSQL, Bootstrap, Tailwind, Git, Figma, Illustrator, Photoshop
- Soft skills:** Team worker, assertive communication.

Skills

Programming React (HTML, CSS, JavaScript), Node, Java, Python, SQL, Machine Learning, Artificial Intelligence.

Various skills Scrum, Canvas, Linux, Shell (Bash/Zsh), Git/Github, MongoDB, Figma, PhotoShop, Illustrator, LaTeX.

Soft skills Time management, teamwork, problem solving, documentation, assertive communication.

Interests

Linux

Since 2021, I have been in love with Linux because of its customizability, efficiency, open source, and the control it gives me over my computer. It is an operating system that allows me to express my creativity and have a unique and personalized computing experience.

Socialize

I like to socialize and participate in social gatherings. I enjoy communicating with people, hearing what they have to say and sharing experiences. I learn a lot from the stories and from the knowledge that others can pass on to me.

Movies

Movies are my great passion. I enjoy movies of various genres and admire the creativity of filmmakers. Also, I love exploring the history and impact of cinema on society. I share my enthusiasm with others and am always excited for new movies..

Family

My family is essential in my life. I enjoy the time I spend with them and appreciate their unconditional support. They are my source of love and happiness.
